Welcome to Team Ballot Cure Nevada!

I'm Syamala Krishnamsetty, and I've just joined Nevada Dems to lead ballot cure. Many of you have been itching to get started. Thank you for the enthusiasm. We're ready to go!

The ballot cure deadline in Nevada is **5:00 pm on Monday, November 9**. Between now and then, we'll work together to make sure every voter is able to cast a ballot that counts.

Step 1. Tell us about yourself

There are several ways to contribute to the curing process, and we want to make sure we have the right information for a good fit.

→ Fill out the volunteer form (by Sunday, Oct 25)

Step 2. Sign up for a phonebank

Phonebanks start tomorrow and run through the end of next week.

New volunteers: arrive for the 30-minute training at the start of your first session. Once you've completed one training, you can skip straight to the phonebank portion of any later session.

→ **Sign up for a phonebank shift**

Step 3. Drop into office hours

I'll hold regular office hours leading up to Election Day, starting this Saturday. Drop in to ask anything about Nevada ballot cure, from the general to the nitty-gritty, chat about your role this cycle, or share suggestions for the team. If you just want to make calls, there's a breakout room where you can dial and pop back into the main room with questions as they come up.

→ **Join office hours**
