

Jill "Foxy" Fisher- Member-at-Large Dept.2

I am a community-focused Latina Democrat in the beautiful city of Reno, Nevada. Adopted from Colombia when I was young, I was raised in Northern California before I fell in love with Nevada after moving there in 2003. Wheresoever I have wandered, my heart has always been in Nevada, and I have truly found my place in Reno. I am the proud mother of a 28 year old transman, and my experience with teenage motherhood has directly influenced my intentions and goals as a concerned citizen.

In the position of Member-at-Large Dept. 2 (volunteer organization), I hope to apply my bank of knowledge to further our cause. I have over a decade of attendance at multiple institutes of higher learning, with an educational emphasis on biology and health, as well as the medical industry. As a lifetime member of Omega Phi Alpha National Service Sorority, giving back has always been a major part of my life; I am an undaunted advocate for underserved groups: women, minorities, veterans, the mentally ill, members of the LGBTQIA+ community, the unsheltered, and anyone else who doesn't get the care they deserve.

As a volunteer, I have helped with food security, community education, and specific causes, such as Best Buddies services for those individuals with Down Syndrome. Habitat for Humanity builds have allowed me to aid in sheltering those in need. In the course of this work, I have done fundraising, recruiting, and event planning.

As a neurodiverse person of color, I have a unique perspective on the needs of minority groups; my personal insight and education allow me to see the changes needed as well as the resources that should be available. I believe that effective and truly representative government is the key to changing our society for the better, and look forward to applying her knowledge, skills, and experience to furthering Democratic action, and hopefully, success!
